Haughville Pupils to Enter Washington

Parents Pledged "Fair Deal" by Schools Head

Dr. Herman Snider, superintendent of public schools, at a meeting in recent weeks assured parents of the Haughville area that Negro students in that area would be admitted to Washington high school after January 1, 1951.

Parents in the westside area interpreting the school law, passed in the General Assembly in 1949, as ending segregated schools made the appeal to Dr. Snider after many Haughville students had been refused admission to Washington high school and sent all the way to Attucks.

Following up the matter a delegation of parents will be sent to Washington, D.C., to see the superintendent of schools.

Officer on Cycle Chasing Speeder Injured in Crash

Motorcycle Patrolman William Rapier, 28, giving chase to a speeding motorist on N. Capitol avenue Monday morning, suffered cuts and bruises when a Gas Utility truck driver failed to give him the right-of-way at the intersection of St. Clair street.

The officer's three-wheel vehicle crashed into the side of the half-ton truck and was hurled over on its side, throwing the officer into the street.

Officer Little, 47, 3548 Brouse street, the truck driver, faced a charge of failure to give an emergency vehicle the right-of-way.

Police said Rapier, with his red light and siren operating was going north and Little east.

Treated at the General hospital, Rapier is recovering at his home, 551 Patterson street. A member of the police department three years, he was transferred to the traffic division about six months ago.

Local Soldier Killed On War Front in Korea

A hail of shrapnel ended the life of a local soldier fighting in Korea, and shattered his parents' hope for a "merry Christmas."

Private Eddie R. Mahone, with the 15th Division, fell before Red fire in Northeast Korea November 29.

The 19-year-old soldier's parents, Mr. and Mrs. Jack Mahone, 1617 Massachusetts avenue, received notification of his death Wednesday of last week.

Mrs. Mahone had sent her son a big "Christmas box" just a few weeks before. "And he hadn't received it when he wrote his last letter," the heartless mother recalls.

In his last letter to his parents received about two weeks before the War Department's telegram, the youth told his parents that he was doing "all right" except that he was missing his home.

Elder M. E. Golder Monster Meeting Soaker Sunday

Elder Morris E. Golder, pastor of Christ Temple Apostolic church in West Fall Creek Boulevard, will be the principal speaker for the monster meeting at the Sepate Avenue Y.M.C.A., Sunday, Dec. 17, at 3:30 p.m.

The entire program will be conducted by Elder Golder and a choral organization from his church. He will speak on the subject "Christmas or Christ?"

The program committee announces that the services will be a spiritual feast or worship service conceived of with the idea of reaching the entire community. The program will begin promptly at 3:30. The public is invited to attend.

ELECTION ECHO, 4 NOTARIES CASE APPEARS "ALMOST OVER"

The case of Willard B. Ransom and three other Progressive Party workers apparently neared its end this week as the Prosecutor's office failed to bring in new indictments within the specified time.

Original indictments on charges of "false acknowledgment of signatures on an election petition" were quashed by Judge Saul I. Rabb in Criminal Court 2 on Nov. 18. At that time Judge Rabb gave the Prosecutor's office 20 days to bring in new indictments.

The deadline passed without new indictments being brought. However, on Tuesday Judge Rabb

denied a motion by Henry R. Wilson Jr., defense attorney, to discharge the defendants. He sustained a motion by the prosecution to continue the case until Saturday, Dec. 16, which is "docket day" when such matters are usually disposed of.

Judge Rabb gave Arnold Grubin, one of the defendants, permission to visit his family in New York. Grubin is due to be inducted into the Armed Forces shortly.

The other two defendants are Maurice Horwitz, state director of the American People's Party, and

Negro Navy Flyer Killed in Action Over Korea

WASHINGTON (AP) — Ensign Jesse L. Brown, 24-year-old native of Hattiesburg, Miss., the first and only Negro naval aviator to see Korean action, was killed in battle last week despite efforts of another pilot to save him, it was officially announced here Saturday by the navy.

Brown went down over the Changjin reservoir area after his plane had been hit either by small-arms fire or anti-aircraft fragments. He is the first Negro naval officer to die in war.

According to Lt. (j.g.) Thomas J. Hudner, 26, white of Fall River, Mass., Brown made an emergency landing in a rough field, and Hudner circled above him in an attempt to keep back attacking Chinese Communists. Seeing that Brown could not get out of his burning plane, Hudner landed in the same field and went to his associate's aid.

However, he found Brown dead. He put out the fire with snow, radioed for a helicopter to take Brown's body to friendly territory, and waited until help arrived before returning to safety.

Local NAACP "Purges" State Head from Board

The Indianapolis NAACP branch took a sharp turn for the first time in four years, as State President Willard B. Ransom and several other prominent members were "purged" from the local executive board at the annual election meeting.

Sixty-six voting members plus some visitors packed the meeting room at the Phyllis Wheatley YWCA in the branch's largest turnout in years. Ransom and several nominees linked with him were snubbed under by approximately a 3-1 vote.

It was the most dramatic development in local NAACP affairs since the ouster of Lowell M. Trice as branch president in 1946. That removal was brought about by the

National Office, with court actions and counter-actions. Overshadowed by the board "purge" at last week's meeting was the unanimous election of Mrs. Jessie Jacobs, former executive secretary, to be branch president during 1951. Mrs. Jacobs was not involved in the "purge" movement.

Also named without opposition were Alan T. Nolan, first vice-president; William T. Ray, second vice-president; Mrs. Mary Frazier, secretary; Mrs. Helen Adams, assistant secretary, and Charles K. Harris, treasurer.

Woman Rescued From Fall Creek By Cab Driver

A cab driver became a hero Wednesday when he saved a woman from drowning in Fall Creek. Lewis Howard McClendon, age 39, 743 N. California street, left his cab parked on the creek bank and went after Mrs. Lillian Johnson, who was floundering in the water near Flower Mission.

When he finally pulled the woman to shore, she was unconscious. Both the hero and the rescued woman were taken into General Hospital and treated.

Mrs. Johnson was left at the hospital for further observation. Police state dher on a preliminary mental charge.

The cab driver said the presence of the woman in the Creek had been called to his attention by an unidentified woman passenger he had picked up at General Hospital.

Newsstand Owner Found Semi-Conscious

The oldest carrier and newsstand operator in the circulation organization of The Indianapolis Recorder, Elder Eli Jones, 1201 W. 25th street, was found in a semi-conscious condition at his newsstand early Wednesday morning.

"Brother Jones," as he was known to most of his newspaper customers was found by the operator of a car-washing stand at the location of his newsstand. He was taken to the General hospital where his condition is reported as "fair."

His Recorder customers will be served promptly as other arrangements have been made to get The Recorder to them. Edward C. Bailey, circulation manager, stated.

King of Norway Gives Award to Dr. R. J. Bunche

OSLO, Norway (AP) — Dr. Ralph J. Bunche, only Negro to win the Nobel peace prize, received his \$31,674.08 award from Norway's King Haakon in a grand and solemn ceremony, here Sunday. The award was given Dr. Bunche for his work as UN mediator in the Palestine conflict.

In accepting the award, which incidentally the treasury department says is exempt from taxation, Dr. Bunche said, "May there be in our time at long last full peace."

The treasury department, in stating the prize money was not subject to tax, explained that had the winners performed their work for the Nobel committee, the money would have been classed as income and therefore taxable. In Dr. Bunche's case, his income for services as UN mediator had already been taxed, and the prize money was not considered as remuneration for services rendered to the Nobel committee.

Mother of 20 Children Appeals to Cheer Fund

It is not easy for the average person of substantial moral fiber to plan a happy and merry Christmas for himself and family knowing the dire need of many unfortunate children and adults right in his own neighborhood, without doing something, however big or little to help.

The Indianapolis Recorder Charities, Inc., which acts as a clearing house for distribution of good will and brotherly love at Christmas time, has received an unusually large number of pitiful requests for assistance to needy families.

Following are excerpts of a heart-rending letter now on file in The Recorder office and in line to be processed in time for Christmas:

A Mother of 20 Children

"I am the mother of 20 children. I am not able to work now because I have two young babies, one 1 1/2 years and the other five months. I have been getting small help from relief people but even that has stopped. The \$35 a week my husband earns you can see help is desperately needed if our large family is to escape the feeling that no one cares whether or not we have a merry Christmas. 16 of the children live at home and soon, perhaps, some of the older boys will be taken into the army to fight for their neighbors and their country. We will appreciate anything you may send us." Mrs. A. H.

There are hundreds of other similarly touching appeals already received for the attention and assistance of the Recorder Good Fellows who have generously and

BOARD MEMBER TO CHALLENGE NEW SCHOOL ATHLETIC PLAN

The apparent segregation in the proposed new grade school athletic program will be the first thing brought up to the program's board of control by Albert Humphrey, recently-appointed board member.

Humphrey, a product of local schools who is now teaching at School 37, told The Recorder this week that he is "definitely" going to see what can be done about the present districting.

The proposed program, brought to Indianapolis by Dr. Herman

Shibler, superintendent of schools, calls for inter-scholastic athletic competition among the city's 64 junior high schools.

School board officials have set the schools up in eight districts, with high schools serving as district centers. The centers will provide gymnasiums, football fields and ball diamonds for the competition.

All the "Negro schools" were assigned to the Crispus

Sen. Jenner Loses in Move To Defeat R. R. Union Bias

WASHINGTON, D.C.—The U.S. Senate voted 64 to 17 against Sen. William E. Jenner's (R. Ind.) attempt to prevent religious or racial discrimination by the railroad brotherhoods (unions) negotiating "union shop" contracts on Monday of this week.

The issue before the U.S. Senate was a bill under the Railway Labor Act, permitting "union

shop" contracts in the railroad field. Jenner sought to attach the anti-discrimination amendment to the bill before the Senate.

Senator Jenner in describing his amendment to the bill before the Senate said, "I do not propose that railroad labor unions shall be required to admit Negroes to membership, if they do not want to do so. But I do propose that if any

union wishes to enter into a contract with any railroad by which employees shall be compelled to become union members as a condition of employment, then at the same time such union shall open its membership to all employees otherwise qualified, without discrimination on account of race, color, creed or national origin."

When he finally pulled the woman to shore, she was unconscious. Both the hero and the rescued woman were taken into General Hospital and treated.

Mrs. Johnson was left at the hospital for further observation. Police state dher on a preliminary mental charge.

The cab driver said the presence of the woman in the Creek had been called to his attention by an unidentified woman passenger he had picked up at General Hospital.

Proclamation to Abolish All Jimcrow Suggested

DURHAM, N. C.—Lillian Smith noted Georgia woman, author of "Strange Fruit" and "Killers of the Dream," called racial segregation a "philosophy of death" in an address before an unsegregated audience at White Rock Baptist church here last week.

Miss Smith, appeared under the auspices of the Fellowship of Southern Churchmen.

Speaking on the general theme, "Whole Men Living in

a Whole World", Miss Smith said a presidential proclamation abolishing racial segregation and extending full civil rights to all Americans would have a moral effect in international relations comparable to the dropping of an atomic bomb. Minorities everywhere would then rally to our cause, she said.

A former Methodist missionary in China, Miss Smith talked of the prestige which this country

could get in Asia if segregation were abolished. She said the world's two thirds colored minorities would then look to the United States as the real moral leader of the world.

Her outspoken opposition to racial segregation was likewise extended to over other kinds of segregation as well. She charged that any type of segregation divides the minds of men, thereby preventing them from becoming the "whole men" who alone are the hope of civilization.

MRS. LOTTIE HARRIS

Attacks center in District III, except School 26, Jesse Babbs, physical education instructor at School 63, is chairman of the Attacks center.

School 37, in which Humphrey teaches social studies along with physical education, located at 2425 E. 25th street, was in the group sent to Attacks.

This assignment, most observers feel, is particularly unjust in that the Eastside school is several miles across town from the city's only Negro high school. At the same time, the school is "definitely" closer to Shortridge and Arsenal Technical than it is to the Westside institution.

This means that the parents of boys playing on School 37 teams will have to spend additional money sending the athletes to participate in the new program. Then, too, streetcar travel from the Eastside to the Westside is considerably slower than it is between other communities. It takes at least 40 minutes to get from School 37 to Attacks, by trolley.

Humphrey, a graduate of Crispus Attucks where he was outstanding in basketball and football, was appointed to the board of control recently. However, he was unable to attend the regularly scheduled meeting Tuesday because of illness.

But, he declares, he's going to bring the issue of districting up as soon as he gets to a meeting.

Walter Bean, athletic director of School 26, was a member of the committee that planned the program. He protested the casting of all the "Negro schools" into one basket and proposed a districting program that would set each junior high school with the high school nearest it. His protests were not weighed for fairness and his proposal was overruled. The new anti-segregation school law was also walked over.

"One spokesman said, 'We doubt there are substantial denials of Watts' constitutional right that would warrant another appeal to the U. S. Supreme Court.'"

In the hearing before the Indiana Court, Lew Sharpneck and William Dobbins, Columbus defense attorneys, argued strenuously for the setting aside of Watts' conviction because of the ruling by the trial court judge, George W. Long, which admitted the testimony of six white women who accused Watts of having raped or criminally attacked or attempted to rape them over periods ranging from six months to three years preceding the Burney murder in Indianapolis, November 12, 1947.

Judge Paul G. Jasper, in a 24-page opinion concurred in by the four other Indiana Supreme Court judges, said:

"The evidence of the six special acts of rape or attempted rape, 'The evidence of the six special acts of rape or attempted rape, revealed definite plan, system and scheme against a class of which the deceased (Mrs. Burney) was a member. Their testimony therefore was relevant and admissible.'"

The sensational Watts case arose back in 1947 when Watts, arrested on a charge of attempted assault on a woman was taken to State Police headquarters and charged with the shotgun slaying of Mrs. Burney.

Tried First in Shelby County Held incommunicado for six days, police started the city with an announcement that Watts had confessed the shooting of Mrs. Burney in her far Northside Indianapolis home.

Brought to trial on a change of venue from Marion county, Watts was found guilty and sentenced to death in January, 1949 in the Shelby Circuit Court.

The began a fast series of legal maneuvers which resulted in the setting aside of the conviction by the U. S. Supreme Court where the case had been taken by the NAA-CP.

Legal shuffles and reshuffles paved the way for the transfer of the case to Columbus which also resulted in another death sentence.

It was the appeal for a new trial setting aside the second conviction on which the Indiana Court acted unfavorably last week.

School Children Promised Milk by Head of Schools

Hundreds of local undernourished school children, whose parents lack the ability to pay for school milk, will soon be getting it—and without any extra burden on the parents.

Dr. Herman Shiber, school superintendent, last week-end organized a survey to determine the milk needs of the city's school children. He also investigated to determine how the additional flow of milk can be brought about.

The school board, at its regular meeting Tuesday night, unanimously approved the survey.

However, there was no mention of finance for the program.

Maxwell V. Bailey, business director for the board, said the city spent about \$52,000 for grade school milk during the nine-month term. He pointed out that \$8,599.14 had been spent since his last report.

Though his statements seemed to be in opposition to any extended milk program, Mr. Bailey admitted pupils paid a like amount for milk.

It is believed that the city will ultimately ask for federal aid. Such aid is currently being extended to other major Hoosier cities.

few. An opening skirmish involved the number of members to be elected to the board.

Robert Risch, reporting for the nominating committee, recommended that the board be limited to 26 members rather than the 35 specified by the NAACP constitution.

In a minority report, Charles S. Preston advocated that no limit be set under the constitutional 35. The meeting upheld Mr. Risch's position. But as it turned out, the question was not important.

Another rule was agreed on by all parties that any nominee should receive a majority of the votes in order to be elected to the board. Apparently a number of persons did not vote a full slate, as in the final count only 23 including the officers were chosen.

The nominating committee, itself had brought in a slate of 26 names. In addition, five persons were nominated from the floor.

When results of the voting were announced, Ransom's followers sat stunned. Defeated along with the state president were Mrs. Edna Johnson, state secretary; Rev. Clarence T. R. Nelson, former second vice-president of the branch; Mr. Preston, press and publicity chairman; Miss Irene Williams, assistant secretary; Rufus C. Kuykendall, legal redress chairman; Mrs. Osma Spurlock, education chairman, and J. Wallace Hall.

Ransom, Rev. Nelson, Preston and Miss Williams were delegates to the NAACP national convention in Boston last summer, and had been slated by the nominating committee. The other four had been nominated by Mr. Ransom from the floor.

The opposition to Ransom was ostensibly based on his activity in the Progressive Party and the Civil Rights Congress, as well as his criticism of the NAACP national office. Several of the other "purges," however, are not members of these organizations.

Ransom's followers had sought a large, united board including all political factions, with members elected on the basis of their NAACP activity. Ironically, they supported the election of the very persons who apparently were planning to oust them.

It is "awfully cold" in Korea. He said he expected to be home by May or June. A volunteer, the former Crispus Attucks high school student had been in the Army since May, this year, and had been in Korea a month at the time of his death. At Attucks, he had been a student in the ROTC.

Mrs. Mahone told The Recorder that she is going to ask the War Department to bring her son's body back here for services and burial. The young soldier was born in Junction City, Ga. Besides his parents, he is survived by two brothers, Pvt. Charles

William Mahone and Jack Mahone Jr.

Pvt. Charles William Mahone, age 17, is a member of the Quartermasters Corps and is stationed at Ft. Lee, Virginia. Presently he is home on furlough. However, he is scheduled to report back to camp on December 20.

Before tossing off this week's rather brief column, a word about the Indianapolis Recorder Charities, Inc. Christmas Cheer Fund:

Many, many groups and individuals regularly take advantage of the Recorder's policy of printing news articles free of charge; comparatively few, few groups and individuals help the Recorder in its effort to help others at this most festive time of the year.

As a matter of fact, I am constantly noting that groups who use the Recorder so much that they might easily call the paper their "official organ," do not contribute to its Cheer Fund, yet give fairly respectable amounts to other "cheer funds."

Actually, of course, charity is charity, and I suppose that when the final "records" are checked over, it won't make any difference who benefited by one's charity; but I can't help but think that those persons who owe so much to the Recorder (and, believe it or not, there are many) would jump at the chance to show their appreciation.

While I'm on the subject, another point: Not living completely in a shell, I am aware that there are many people who look upon my "headquarters" with derision, contempt, and all the other bad things one can think about a newspaper, but, all told, I think it still offers the people of Indianapolis a pretty good break.

Frankly, I was a bit disappointed about a month ago to note that I had far fewer friends than I thought; I hope the Recorder will not be nearly as disappointed now to discover the same thing.

Come on now, you clubs, PTA's, church guilds, other groups, and individuals, help the Recorder help others by giving as generously and as promptly as you can. It's the one time we ask you for a favor!

Chi chapter of Delta Sigma Theta sorority received a new member into its midst last Saturday afternoon. The neophyte, Miss ADA LOUISE DUPEE, was "made" in rites held in the home of Soror IMOGENE BOYD.

A banquet honoring the initiate was held Saturday evening in Planner House. The banquet program included a welcome to the neophyte by Soror Boyd, a brief but timely "Challenge to Delta" by Soror HARRIET CONN., Soror DORIS WALLER was master of ceremonies, and songs were led by Soror MARJORIE CHEN-AULT.

A corsage of flowers, the sorority flower, and a silver bracelet inscribed with the sorority letters were given by the chapter to Soror Dupee as tokens of welcome.

The annual president's banquet

mas party of the Wyleaway bridge club was held Saturday night in the Federation of Associated Clubs home. Lunch was served and gifts were exchanged.

Among guests were Messrs. MARK BATTIES, JOEL OVERTRETT, AMOS THOMPSON, BISHOP OWSELY, LELAND V. BAILEY, HARRY BROOKS, ANDREW RAMSEY, DAVID REYNOLDS, LAFAYETTE TURNER, W. T. WILHITE, and ESCHOL MCCAIN. BRUCE MASON is president of the club and STARLING JAMES was master of ceremonies.

The Indiana State Medical auxiliary held its meeting in the home of Dr. and Mrs. E. P. THOMAS last Sunday afternoon. Those present were Mesdames H. L. HUMMONS, PAUL A. BATTIES, ROBERT LAWSON, FREDERICK H. EVANS, J. LEON SIMMS, H. N. MIDDLETON, ROBERT BRIGGS, and E. L. WILKSON and Miss OLLIE MIDDLETON.

Members of the Kentucky Wonders club enjoyed a pleasant meeting on Wednesday afternoon in the home of Mrs. HARLAND DODSON. Playing bridge and partaking of a delicious luncheon were Mesdames KATY CORNETT, RUTH KIRKPATRICK, and JULIA CAMPBELL. Mrs. MAYME BATTIES was special guest of the hosts.

The pitch-in prizes were won by Mesdames Dodson, Cornett, and Batties.

Mrs. J. WESLEY HALL will be hostess for the Book Lovers club's Christmas party on Wednesday night after Christmas. The members will exchange gifts.

Gifts will also be exchanged by members of the Women's Service club of Second Christian Church when they meet with Mrs. JOSEPH W. WARD next Tuesday for their Christmas party.

Alpha Kappa Alpha, Kappa Alpha Psi, and Alpha Phi Alpha members who are Kansas City-bound for their conventions December 26-30 are herewith informed (if they didn't already know) that Tau Alumnae of Alpha Kappa Alpha sorority would be glad to help them plan their trip through their traveling service in order that all might enjoy the trip together. Miss BETTY JO DAVIS is chairman of the traveling service, and Miss RUTH L. PHILLIPS is president of Tau Alumnae of Indiana, Inc.

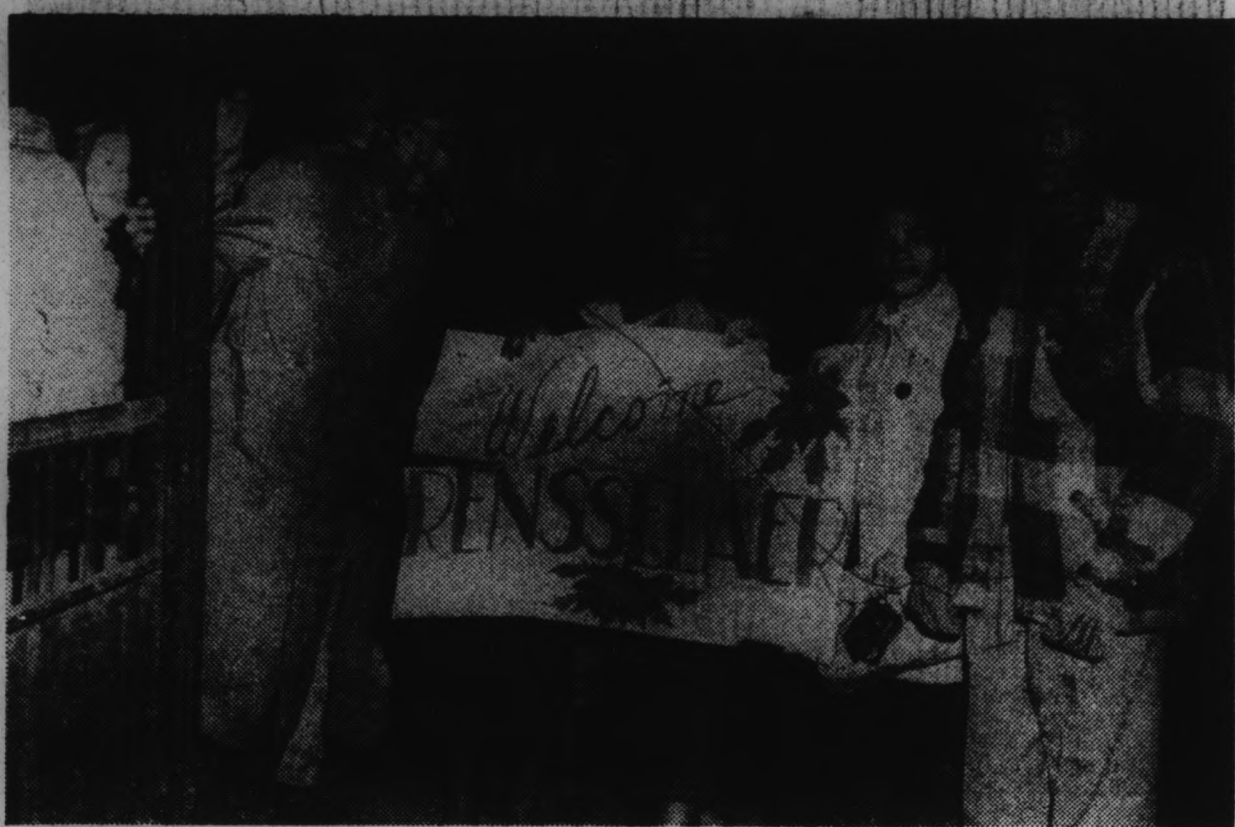

And don't forget the Alpha Kappa Alpha players' group's fifth annual play "Guest in the House" on Friday night of this week at 8:15 in the auditorium of Crispus Attucks high school.

And in parting — just as I was disappointed to note that several names I had expected to see on my patron list (still talking about that recital last month) were missing, so I am pleasantly surprised to receive cards and presents from one or two persons I little expected to hear from.

It just goes to show you!

Gradale Sorority Sisters Have 3rd Annual Dinner

Sisters of Gradale sorority gathered in the recreation room of St. Rita's Roman Catholic Church last Saturday evening for their third annual fellowship banquet.

The tables were decorated with yellow and red streamer ribbon and beside each plate were sweetpeas for each girl. A turkey dinner was served.

Participating on the program which followed the dinner were Marjorie Long, Julia Poindexter, Edna Couch, Gwendolyn Simmons, Marcella Buckner, Nannie Terrell, Fordella Dancy, Ruth Rascoe, and Margaret Robinson.

Speaker for the evening was Mrs. Henne Ward Banks, director of social services at Flanner House. In her talk "It's A Woman's World," Mrs. Banks said that the role of women today is that of shaping and inspiring men to nobler effort, and the failure of men in this respect is due to the failure of women to assess their own importance correctly.

Concluding a brilliant address, Mrs. Banks stated that women must complement men's efforts and not compete with them.

Additional remarks, closing the banquet, were made by B. E. Gardner, is secretary of the organization, which is affiliated with the Senate Avenue YMCA.

Alpha Omega Zeta chapter of Phi Kappa Phi, a national honor society, held its regular meeting Saturday night at the "Y" and final plans were made for the chapter's fellowship banquet, to be held next Saturday night in the YMCA.

Charles Watkins, juvenile court probation officer, will be speaker for the occasion. Final arrangements and the program are being completed by David Perkins and James Scott.

nobly supported The Recorder Cheer Fund for the past twenty-one years of its operation. In other columns in this issue are listed the names of sympathetic persons who reported their contributions this week. The Good Fellows strongly urge everyone who can to bring or send their contributions to the fund next week.

Charity Show Sat. Night
An important project designed to raise additional funds is the mammoth two-show midnight ramble Saturday, December 16 at the Avenue theater. Use of the theater is being donated by operators of the Walker chain of community theaters. The cream of local entertainment, dancing and musical talent will donate their talents free. The first show starts at 9 and the second at midnight. Tickets, on sale at various conveniently located business places, are priced at \$1.20 including tax.

A large turnout will insure the financial ability of the Cheer Fund to meet most of the heavy requests for aid by worthy but unfortunate individuals and families.

NAACP DEFENDS GI'S IN KOREA

The news that Thurgood Marshall, NAACP chief counsel, would fly to Tokyo for legal defense of court-martialed GI's was received last week with wide acclaim.

The deeply alarming situation was described by Walter White, NAACP executive secretary, when he said:

"Appeals for aid from imprisoned Negro soldiers and reports from war correspondents, returned officers and enlisted men, indicate that many of the convicted GI's have been victims of racial discrimination and need our full support."

Most famous of the alleged victims of jimcrow spirit in the Army is Lieut. Leon Gilbert, whose death sentence was commuted by President Truman to 20 years at hard labor. Many fair-minded people are shaking their heads over that one, feeling that the reduced sentence is still too severe.

Lieutenant Gilbert's case has served to highlight reports that scores of Negro soldiers are facing similar sentences, ranging from 10 years' imprisonment at hard labor to death.

This newspaper, like the NAACP, of course holds no brief for men who are justly tried and fairly sentenced. But the question arises whether the Negro GI is being made the scapegoat for military reverses. This issue must be thoroughly investigated.

In championing the cause of these GI's, the NAACP is performing a valuable service to the whole community, to the United States and to world democracy. And yet the national organization is in desperate financial straits, according to reports. In order that this great work may go forward, we believe that civic groups and public-spirited individuals could well make contributions now to the NAACP. Let's help the ones who are helping our boys!

"THE CONNECTICUT YANKEE WAY"

The Rev. Roland T. Heacock, a former Army chaplain of two world wars and Yale University educated man, attracted wide attention in recent weeks when he assumed the pastorate of a Congregational church in a New England hamlet.

Newsman, photographers and out-of-town visitors crowded the church with a seating capacity of less than 200 persons, on the Sunday when the Rev. Heacock delivered his first sermon on the topic "The Vision and Answer."

Upon this occasion the tall, lean, gray-haired veteran of many campaigns on the battle front and in the religious field, observed (in part) as follows:

"It is a sad commentary on the state of democracy and Christianity, that when an obscure, untalented colored minister takes over the pastorate of a tiny rural Connecticut church that it is big news."

"Why should it be news?"

"Why shouldn't we, human beings, just accept one another regardless of the color of our skin or hue of eyes, if we are decent and worthy?"

Further the Rev. Heacock observed that many Christians believe more "in mores of men" than in the "precepts of God and the teachings of Jesus."

Elsewhere over the earth Christianity as reflected by the ways and actions of people of our time and land has been and is now styled a matter of form rather than one of substance. This follows in the stress of baneful traditions distorting the fellowship and brotherhood of mankind potentially a part of the Christian fold.

However, of brotherhood or fellowship of men potentially a part of the general Christian fold the Holy Writ, Acts 17:26 says, "God hath made of one blood all the nations of men for to dwell on all the face of the earth . . ."

RESURVEY MASON-DIXON LINE?

The Mason-Dixon Line is to be resurveyed, according to press reports. The announcement says that this step is contemplated because "the original markers have been defaced or lost."

The news leaves us with mixed emotions — mostly bad. In the first place, we are worried about where the thing will run after the resurvey. Do you ever get the feeling, as we sometimes do, that Indianapolis is south of it instead of north?

We know that old Naptown originally was above the line, because there is the Soldiers' and Sailors' Monument, with Miss Indiana holding her sword and torch and facing definitely toward Dixie. As we understand it, the torch was put there to enlighten the South out of its barbarous ways of mistreating Negroes; and the sword was added — just in case. But something has slipped somewhere, as the fellow said when he was thrown out of the hamburger joint.

Of course we really don't have to wonder about it — didn't a writer for one of our daily contemporaries say, in welcoming American Legion Commander Erle Cocke Jr. to the city: "The Mason-Dixon Line . . . runs along the northern edge of Marion County today — and for one year hence?" So it appears there is some truth to the assertion that "the original markers have been defaced or lost." Mostly defaced, we might add.

The question of whether the line should be resurveyed is something else again. Consider, for example, that the winner of Detroit's "better baby" contest is the son of a Negro father and a white mother. And at the other end of the scale of human behavior, consider that Hollywood white woman who cut a Negro man. All the lines are breaking down. Maybe we could get along without the Mason-Dixon Line.

THE REJECTED STONE

A former governor of the state of Virginia, Colgate W. Darden, president of the University of Virginia recently speaking before the Southern Governors' conference asked for truly equal schools for Negro people on an elementary and secondary level.

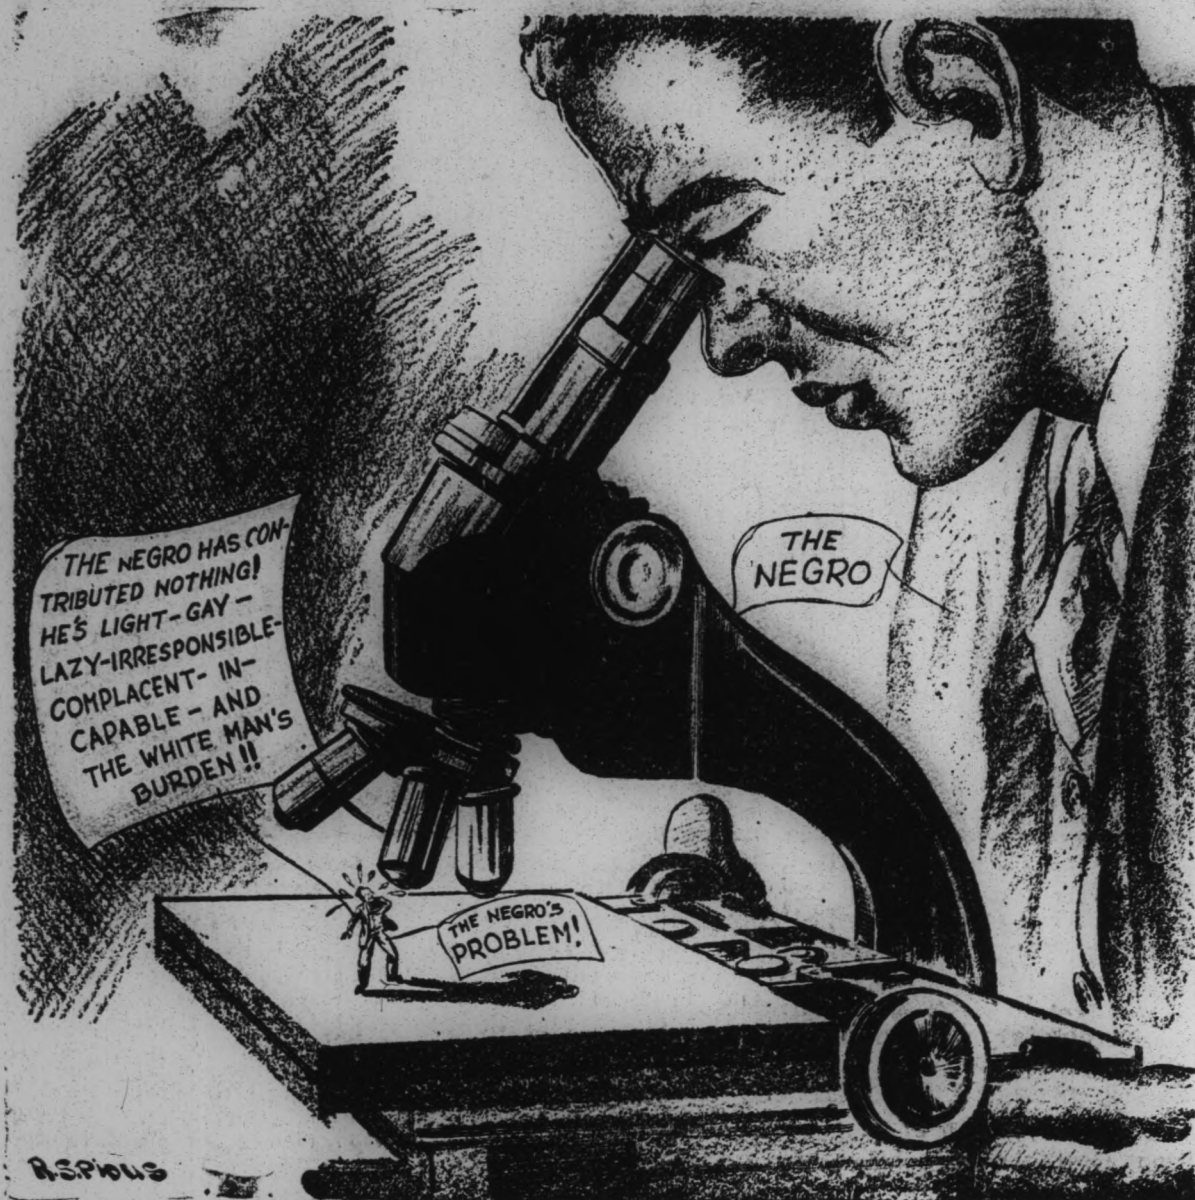

Mr. Darden also demanded that Negro persons be included on school boards, but he compromised his democratic "gestures" in a suggestion that jimcrow schools should be continued at the public school level.

However, the champions of "Dixie traditions" have rushed to the front, in several instances, to violently oppose Mr. Darden's "paradoxical advocacy of equal schools for the Negro people of Virginia."

Inescapably "equal schools" means "identical schools" and all around us groups or individuals who would stay the tide in the evolution of real social justice or democratic action are usually in the ranks of Negrophobes.

Negrophobes dwell upon the fallacy of innately superior and inferior peoples, and prejudice or hate to no end to destroy the temple of democracy and all of us within the temple.

Whereas and contrary to all the distorted details of

OUR PERILOUS TIMES

It is just as well that we face the ugly fact, that we are face to face with catastrophe. Perilous times are upon us and whether we sink or swim, live or die, survive or perish, are matters that are delicately poised in the scales of destiny.

With World War III upon us, we are being forced to concede that what we thought was the prospect of a lasting peace proves to be merely an illusion. The nations are not putting their trust in God and Right, but in deadly weapons. The terrible atom bomb is being brandished with abandon, and that there will be resort to it is almost one of the certainties of the crisis that is upon us.

It is a fearful price that the nations are willing to pay for the specious privilege of godlessness. However, reluctant we may be to admit it, we are living in a world where might is right as Nietzsche long ago taught the Germans. This harking back to the Dark Ages is calamitous to say the least. But the end is not yet.

Nations stand upon the dry bones of former nations and peer into the solemn future with hope that by and by a nation will rise up and rule in righteousness. "Righteousness exalteth a nation but sin is a reproach to any people" is an admonition that the nations thus far have rejected, but one, and the only one, that has hopes of a better tomorrow. Our vaunted civilization is on the eve of doom and the hands of the clock of history are to be turned back. Mankind must be brothered or it will be brutalized.

This is the grim fact that we loathe to face but grim fact it is. Will the hurrying of the atom bomb atone for a nation's sins? What will the loosing of the atom bomb set aside from the question of who is momentarily the master of destructive power?

The Fall of Jericho
Must peace lie slaughtered on the plains of the Twentieth Century a victim of man's inhumanity to man? When will nations grow up and put away the childish thing called war? Are we shortly to see go up in smoke and utter destruction all that has been built in

sweat and tears and blood?

Is the atom bomb way the only way to stem the tide of communism? This is the most potent question ever laid before the councils of this nation. Such question demands that its answer come of prayer and fasting and agonizing of the spirit. When will the nation turn in righteousness rather than in wrath to God for cleansing? Jericho and Jerusalem were walled cities but they fell before the invaders because their hearts were not right with God.

France lived snugly behind her Maginot Line but the Germans got behind it and destroyed the flower of her manhood. The Germans found ease in trusting to her Siegfried Line but the allies got behind it and Germany bit the dust of defeat. Will our confidence in the atom bomb be shattered some day by means more foul and devastating that will make of the atom bomb a byword among the people? The survival value of weapons has been tested and found wanting.

The Unrighteous Nations
Great armies and navies and great walls and great lines have all failed to save the unrighteous nations. When will the nations put their trust in righteousness? If ever this nation of ours had prayed it

would pray now that the deliverers in the UN may be guided by Almighty God into the paths of peace. The impending human "slaughter" makes the heart sick to contemplate and whether the slaughtered are Russians, Chinese or Americans the results are the same, the brutalization of the nobler sentiments of mankind.

Will our earth soon be turned into a Twentieth Century Sodom and Gomorrah? Whose will be the gain and whose the loss? These are perilous times! "Behold I stand at the door and knock," saith the lowly Jesus, and the nations will turn Him away at their peril. Does this world need economic stability or does it need a great revival to turn men back to the ways of the Lord? We have spurned the Faith of the fathers; but their faith seems to be the only anchor in these times of stress and struggle for survival.

So long as salvation is in the final analysis a personal matter there is hope and peace in the knowledge that personally our hearts are right with God. It all may sound foolish in the premise to talk about rightness with God; but it certainly does not sound more foolish than trusting to material power that has always let the nations down.

SENTENCE SERMONS

By Rev. Frank Clarence Lowry
FOR ANP

It is a better street where you live, if your being on it has lifted its dignity and helped the neighbors better to live.

If from your doorstep kindly deeds ever flow, all of your way-faring visitors will learn the fine things they ought to know. Yea, there will be no feelings of regret after your warm hand they shake, for new thoughts and happy emotions in their hearts you will awake.

There will be the consciousness of having met a real soul whose delight is to live for others, and this will beget the thought that we all should live as brothers.

And if on your street there are others like you take time to spread daily cheer, even children will learn of this fine neighborhood and come from far and near.

It is a grand thing to know where the real people are . . . grander still if they live on your street; but the climax is reached when they say you're the one who really makes things complete.

Even adding, that your house and all you possess seems to be the spending change of every neighbor, and that you do things for folks, out of love for them and not to curry favor.

Real persons as these are hard to find, and when such move on your street there is then a chance to create the finer things and all evils to defeat.

Then together in unison and terms of love, real heights can be gained . . . racial hate and strife set aside, and harmony and peace maintained.

My what a heavenly blessing to live on such a street, where man, dumb beasts and flowers seem cheerfully to meet.

It is all because the spirit of God in one real soul rings true, that everything up and down your street looks so very fine to you.

So light your candle when the way is dark . . . you to the weary give comfort and rest; you try to help your neighbors along . . . then see if our street isn't the best.

LOCAL STORES HOLD TO COLOR LINE EVEN IN CHRISTMAS RUSH

The robbery practiced against Negroes in the form of job discrimination throughout the year is in no wise lessened at this time of the year when most of the downtown stores and many neighborhood establishments are crying for extra help.

The large downtown department stores where Negroes spent millions of dollars are impervious to the demands of Negroes for jobs in these jobs are to place them in categories above the menial classification.

A person with a counter could stand in front of each of the big four mercantile establishments during the hours when the stores are open and see thousands of Negroes going in empty handed and come out laden with wares from those stores. A hasty look inside would reveal that of the hundreds of employees of these stores, only a handful are Negroes who wear the special garb of maids or porters or elevator operators.

At Block's one would see only maids and porters unless he took a peek inside the kitchens of the lunch rooms and there he would find that the hot and dirty work behind the scenes was being done by Negroes while the job of bringing the service directly to the consumer was being performed by white girls.

At Strauss' he would see Negro elevator boys and porters. At Wasson's the same picture would present itself except that the elevators would be operated by white girls as they are at Block's and Negro girls would be found wearing

neat uniforms and handling dust rags and stock.

Pattern Same Every Place

At Ayres', whose personnel director is regarded in many quarters as a liberal and a "friend to Negroes," Negro employees would be more in evidence. A bevy of very attractive elevator girls and neat and personable maids would catch the eye. And a crew of intelligent Negro porters would complete the picture of job discrimination with finesse.

The old customers of these stores will recall seeing the same jobs for years and it will occur to them that these employees must have learned much in their years of service that would enable them to perform higher ranking jobs with credit to the stores. But even in emergencies, when qualified persons are difficult to obtain for clerking positions they are passed over for inexperienced white school girls. It is true that many of these girls have taken courses in salesmanship and are well versed in the services that they are rendering from a theoretical point of view. The fact remains, however, that they are not nearly as acquainted with the particular store and its policies as the veteran employees who are not allowed to advance.

This columnist has had the experience of going to certain departments in one of these stores where the clerks and the department managers have had to consult the Negro maid to find out essential things about the stock, prices and rating of certain items which they carried. In one such instance the manager said that the Negro maid knew more about the department than any person in it having been there longer and being more apt along certain lines. When asked why she wasn't clerking, he said, "Ask the front office."

Management Holds Solution
Many of the managers of local stores believe that the

"time is not ripe" for the employment of Negro clerks in their particular stores and they contend that their customers would not stand for it. That is merely rationalization and the fact is that operators of the businesses are themselves the ones who object. They have never tested public opinion and if they wanted to hire Negroes for clerical jobs they could sell the public on that as well as they sell hundreds of dollars of worthless merchandise through extensive advertising.

And when it comes to advertising, none of the large stores advertise in Negro publications, thus giving the impression that they do not seek Negro business. They would all have to retrench drastically if their Negro trade were suddenly withdrawn, but they take the calculated risk that Negroes are not going to be too difficult to handle.

If the owners of these stores believed in democracy or Christianity we would have something to work on, but since they very plainly give only lip service to the doctrine that America preaches, it is apparent that stronger medicine must be employed.

The logical answer is to have enacted state and local fair employment laws and failing that to operate selective boycotts. If Negroes would operate a consumers' boycott against the worst offender until conditions got better and then take the next offender and so on, a decided change would be seen in a short time. That may be our answer.

EMPLOYMENT OPPORTUNITIES (IV)

We made inquiries about Negro employment opportunities at seven of the best known Indianapolis laundries. We found seventy-two such establishments. Most of them are small.

The Best Grand Laundry works 130 people. Eighty of them are colored. That means that Negroes hold 61 1/2 percent of all jobs at the Best Grand Company.

There are but ten colored men. One man is in charge of the wash room. He was promoted to the responsible job quite recently. Another colored man is a general assistant to the floor manager. He also weighs bundles. Still another man is a hand washer. He handles articles which are too elegant for machine washing.

The Crown Laundry & Dry Cleaning Company has 56 colored persons among its total of 225 workers. That is a little more than one-fourth of all employees. There are both men and women but there are many more colored women than men. No colored person holds a Crown laundry job which is in any way out of the ordinary.

The Fame Laundry Company employs 140 persons. Of that number 112 or 80% are

colored. They are mostly women. This company has very few jobs for men, white or colored.

Five years ago at the Fame Laundry a colored woman was promoted to the responsible job of forewoman in the second floor pressing department. Making good, she still has the job. She was the first colored woman to hold such a job at the Fame Laundry.

One of the best Fame jobs for men is that of hand wash man. Two of the three men doing that work are colored.

The Pilgrim Laundry requires 100 workers. Nearly half of them are colored. Colored persons hold such responsible jobs as pressing and checking bundles in and out. The Progress Laundry Company gives employment to 200 persons. It has 70 colored workers. They are chiefly women. Progress uses 12 colored men.

One colored man is a soap mixer for Progress. Another is a receiving clerk and one requisitions stock.

Two of the five sorting girls at Progress are colored. Their work is considered to be extremely important because every mistake they make costs the company from two to five dollars. Careless workers are not tolerated in sorting.

The United Laundries & Dry Cleaners has twelve branches here. The branches are stations for the collection and delivery of bundles. This company works 60 people, 16 of them being colored. It has a few colored men pressers. The Kroger Snow White Laundry has no connection with the Kroger groceries. It gives work to 18 colored persons.

The National Malleable & Steel Castings Company employs 900 workers in Indianapolis. About half of them are colored, mostly men. If its plants at Chicago, Cleveland, Ohio, Melrose Park, Illinois, and Sharon, Pennsylvania, do as well, Negroes should be appreciative of such generous employment.

The Indianapolis plant has three colored foremen. They supervise the work of fifteen to thirty men. Mrs. Lula R. Hodge, a colored woman, has been in charge of the company dispensary for eight years.

George Frank Fisher has been a silk spotter for seventeen years. Spotting silk is considered to be skilled work. Those who really know the work command good pay.

Mr. Fisher has found very little race prejudice in the cleaning and pressing business. He maintains that if one can do the work he can get a job easily. He is a member of the Cleaners' Union, A. F. of L.

Mr. Fisher worked for Allen & Thomas for four years and for the Franklin Cleaners for a year and a half. He also was employed by the Red Seal Company. For the last year he has been with the Curley Cleaners.

Candles and chatter, festooned trees and all the things that always go with Christmas time; They'll be there in Korea, but a type No bird could pattern in a joyful rhyme.

Rockets, Howe Next on Attucks Cagers Card

Ray Crowe, Attucks' basketball coach, was greasing his big runs this week in order to match them against the heaviest local enemy batteries.

The Tiger sharpshooters who sprinkled 135 points over two opponents last week for their fourth and fifth wins, will meet Broad Ripple Tuesday night and Howe, Thursday night. Both games will be played at Tech and will begin at 8:00 p. m. Preliminaries begin at 6:30.

Howe has already been labeled the "team to beat" in this sectional. With four lettermen back and a fifth man who played more than half the time last year, the Hornets average 6'2". They are reported better than average, as teams in this locale go so far this season.

Broad Ripple, on the other hand, is just an average team with a modest scoring punch. The Rockets finished last week with a record of two wins and one defeat, as did Howe.

The Howe-Attucks battle will probably end up in the "shoot when shoot can" manner in that the Tigers have a bit of height, too. Crowe's guns shoot pretty straight, too.

Wm. Brown Wins Annual News Bowling Tourney

William Brown, for several years regarded as Naptown's leading Negro bowler won the match game championship, last Sunday night in the finals of the Indianapolis News seventh annual ABC (American Bowling Congress) sponsored match game (tournament) championships.

Brown, starting a month ago in a field of 861 local ABC bowlers, grabbed off the championship with a 10-game score of 1,889 at the Delaware Bowl beating the runner-up Evans "Red" Stuart who hit 1,845.

This is the first year that Negro bowlers have participated in the local ABC sanctioned tournament. The ABC opened its ranks to Negro bowlers last summer after a sustained national effort of many organizations including the Negro press of the nation.

Brown's winning score was the lowest championship score ever posted in the annual tournament, by the sponsors.

"Boy, those alleys are tough," Brown told The Recorder after the match. "They're stiff as boards. My ball just wouldn't move."

He said the weight of the pins 3-pound-7 added additional woe. Then too, the alleys were "strange" to him.

But all in all the young Westsider who has placed high in most of the leading National Negro tournaments did

a fine job. It was his coolness and his ability to come through in the clutch that enabled him to beat his older and more experienced opponent.

Stuart made things pretty hot for the Fun Bowl assistant manager throughout the see-saw battle. He opened with a 214 game against Brown's 176, but then he dropped to 150 while Brown moved up to 199. Brown was down 19 pins after a 153 third game in which Stuart hit for 183. However, Brown showed the power that had got him to the finals by blasting 233 in the fourth for a 10-point lead while Stuart shot 195. Brown's lead dwindled to 13 points in the fifth game where he shot 185 and his opponent hit for 191.

Though his lead faded to three pins after the sixth game and edged up to 13 after the seventh, Brown was never headed after his big fourth game. After the fifth his scores were: 170, 190, 223, 169, and 201. Stuart was busy with 180, 180, 177, 193 and 192.

Brown's slow, bending hook was more effective than Stuart's fast, breaking ball. Both men got an overdose of splits and "taps" but generally Brown produced the most pin action. His slow ever-rolling ball got him several "strip-per" and "brooklyn" strikes.

Medalist of the tournament on the basis of a big 1,311 six-game qualification, Brown went into the finals with a 200.12 average for the 25 games leading through five other rounds.

William Brown, ace young bowler of the Fun Bowl went all out last Sunday night to win the seventh annual Indianapolis News Bowling Tournament defeating the runner-up "Red" Stuart 1,889 to 1,845 at Delaware Bowl.

Miss Dorothy Berkopes won the ladies' prizes of \$100 and a wrist watch. Brown received \$200 and a wrist watch. The prizes were awarded by the Indianapolis News.

We are proud to have the champion who has now attracted wide attention, come from our house, the Fun Bowl. We are also proud of Alvin Gaddie and Bill Gooch who made good showings in the tournament although they lost in the second round of the qualifications.

Brown, age 24, has won several prizes and medals in tournaments throughout the middlewest, and his friends are very much delighted on his victory in his first ABC contest.

The men bowlers at the Fun Bowl are looking forward to the

city tournament, dates will be announced later. The Indianapolis Star's sponsoring a match game tournament for ladies in March. The dates on which entry blanks are available will be announced in this column.

Gladys Chestnut, former Fun Bowl bowler has returned from Chicago, and will become a member of our league again. She will play with the Bombsighters team. The Bombsighters are now leading their league with a slim margin, followed by the Avenue Inn team. The Avenue Inn team did not bowl last Thursday on account of the death of the mother of the captain. We send our deepest sympathy to Ruth Dupree.

Returning to the Fun Bowl, Miss Chestnut rolled a "522" to receive a silver star on the first night of her return. She has been carrying a 177 average in a league in the "Windy City." Again I urge the ladies to stage a match game contest soon.

Charles Gets Big Offer for Fight in Reno

CINCINNATI, O. (ANP)—Heavyweight champion Ezzard Charles has been offered \$100,000 to fight in Reno Nev., on Decoration Day in 1951.

This offer came to him the week following his one-sided eleventh round knockout of Nick Barone in his fifth defense of his title.

Promoter of the proposed bout would be Babe McCoy of California. The champion's opponent would be the winner of the Willy Bean-Clarence Henry fight, to be held in Los Angeles Dec. 19.

McCoy told Charles' co-manager, Jake Mintz, that he would fly east to discuss terms with him after the Bean-Henry fight.

Charles earned this offer through his sensational eleventh round kayo of Barone after a comparatively dull battle of infighting. Charles outfought his opponent both at long range and at the infighting for which Barone is noted.

In the eleventh round Charles staggered Barone with a hard left, then peppered him with a two-fisted attack. Then came the knockout blow. This marked the first time in Barone's fisty pro career that he had ever been floored. Of Charles, he said:

"Yes, I'd like to fight Charles again when I grow two inches taller and two inches longer in reach. He is the best in the business and is going to be champion a long time."

For the ten-game finals, Brown averaged 188 and Stuart 184. In his route to the championship, the former Recorder carrier beat John Vehling, Walt Heckman, Ernie Voeltz, Paul Stemm and Bud Schoch with scores of 1,037, 954, 944, 1,041 and 1,036.

William Gooch and Alvin Gaddie, other qualifiers from the Fun Bowl, were ousted in the second and third rounds, respectively. Ironically, both were defeated by the same man, Skip Cottingham.

Brown, age 24, has been bowling eight years. Living practically in the "front door" of the Fun Bowl, 835 Fayette street, he was a "natural" there at 16.

Anchor on Sea's Champions in the Fun Bowl Classic League, the young champ carries a 210 average, highest among all city league bowlers.

Owens Two "300" Games Bowler of two perfect "300 games," he has played in practical-

ly all the major Negro tourneys throughout the nation in the last five years. In 1948 he won "all events honors" and was runner-up in the match-game department in Detroit.

In 1947, he and Sea H. Ferguson, owner of the Fun Bowl, placed third in the national doubles. Last year Brown was runner-up in Sea's Annual Classic. However, Brown is not participating in any "Negro tournaments" this year because he thinks his participation in such tournaments might prove detrimental to his ABC membership.

Presently he's eyeing the big ABC tournament to be held at St. Paul, Minn., this spring. He also intends to enter the coming Indianapolis Bowling Association "all events" tournament. Numerous other Fun Bowl bowlers and several teams from the Westside house will also participate in this one—J.C.

BE-SEENYA AT THE BENEFIT SHOW SAT. NITE

ALL OVER TOWN people are talking about the 5th annual Recorder Christmas Benefit Midnite show at the Indiana Theatre this Saturday nite. ... There'll be fun and merriment for grown-ups and teen-agers. ... There'll be jazz, swing, comedy, dancin' and singin' galore. ... The show will offer the best local talent possible. ... with all entertainers and musicians DONATING their services for SWEET CHARITY. Everybody who's anybody will be there. Get your ducats early for one of the two shows — 9 p. m. and 12:30 a. m. — and enjoy the treat of a life-time.

All amateur and professional entertainers are invited to participate on the mammoth bill. ... Call LI. 7049 or LI. 1545 and leave your name. ... Don't hesitate—call us today. Remember, when you buy a ticket — you are helping some unfortunate person at Christmas time. ... Won't you contribute \$1.20?

THE FOLLOWING CARD was received from my good friend Leo Lesser, Jr.: "Hi Saint: At last I'm on my way. The ship left Seattle Monday. We are stopping in Frisco tonight and in the morning we leave for the far East. I guess the next time you hear from me I'll be in Korea. Take it easy and give my regards to the gang." This message was sent on Dec. 7. Mr. Lesser's address is: Prov. Co. Se 528 - Casual Personnel Sect. - Apo 813 c/o P. M. - San Francisco, Calif.

Johnny Harris and his combo are now available for dances and private parties. ... Call LI. 6774. Incidentally Mr. Harris has offered his services (gratis) for work at the big midnite show. ... And will be stage director in charge of all talent Saturday nite. ... Pretty Miss Henrietta Richardson and Wilbur Carey will be welded as one come New Year's Day. ... Our friend Horace Stone of the Oriental Cafe, underwent another operation in General Hospital last Tuesday. ... His leg was amputated. ... All friends are welcome to visit him at any time. ... Emmett Rudolph is home convalescing from an appendectomy performed in Veterans' Hospital two weeks back. ... His wife's sister, Mrs. Catharine Greenlee of Jonesboro, Ky. was in town last week visiting the Rudolphs in 1205 Harlan St. ... Mr. Greenlee was royally entertained during her brief stay here.

THE GEORGE (ous mgr.) Thompsons are the proud parents of a bouncin' baby born several days back in New York City. Both parents are back in the city and the father was busy passing out cigars with that happy smile this week in The Recorder office. ... This makes Romeo (the barber) Thompson a grandfather. ... What you puttin' out fella?

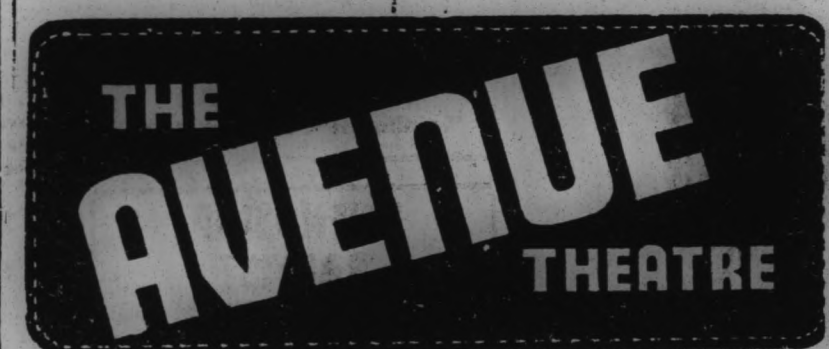

MOSETTA RASDELL and Hazel Dorian motored to Cinecy for the Louis-Charles fite. ... Ditto for Hiawatha (fite mgr.) Gray and bizzman George Graham. ... Mr. and Mrs. Slim Reed also journeyed to the Ohio city for the fite. ... Mr. Reed has promised to do a number on the bene fit card. ... Don't miss him.

HERE'S a LETTER from one of our good friends, who is currently an amputee: "I've enough cash to pay for my artificial limb. While at General Hospital, I learned that there were three other who had no means of getting a limb. My having first-information on how much it would mean to them, how much more they could do with a limb, set me thinking. I, or rather we, decided to use my cash to sponsor something through which we might get the one thing we each needed most. Thus was born this — "Give a Man a Leg" program. It is being advertised all over town. Should you buy one or more of these tickets, yet not get one of the radios or TV sets, you still can know that you

have helped to GIVE A MAN A LEG, and that, that man deeply appreciates your help. We are planning to build a small machine shop, and make novelties we can sell. Thus creating jobs for all of us and perhaps others. Through this means we can become upstanding citizens in our respective communities. We hope you understand our plight, and we thank you and appreciate your every effort.

Yours very truly,
The Give A Man A Leg program
by Henry F. Lee."

THE P AND P Club, located at 438 Indiana Ave., has reopened for bizness and invites all former members to come up and enjoy themselves in a homoy atmosphere. The club has a dance permit and is available for rentals. ... Call RI. 0777. ... Friend Flo Garvin the boogie pianist is in 'anticipatin' and will be unable to do the midnite show. ... The youngster is due this week-end. Mrs. Marjorie Benbow's illness will prevent her from appearing on the show this year. In company with Bob (Mr. baseball) Matthews and Dupree (sporty) Dancy we visited the lovely home of Mr. and Mrs. Weldon and Josephine Beverly at 1137 North Senate Ave., Thanksgiving Day. ... It was a grand affair and we enjoyed every minute of the festivities. ... Yea man!

WIFE OF LIBERIAN AMBASSADOR'S DIES
WASHINGTON (AP) — Mrs. Charles D. B. King, wife of Ambassador King of Liberia, died at the ambassador's residence last Saturday night after a prolonged illness. Aside from her husband, she is survived by a son. The body will be shipped to Liberia for burial.

"Treasure Island" At Avenue Sunday

Most cunning and colorful rogue in all literature is Long John Silver, Robert Louis Stevenson's one-legged pirate, who struts the scene in Walt Disney's all-live action version of "Treasure Island" in color by Technicolor, the greatest adventure of all.

The final scene of the stirring picture follows the famous adventure tale in dealing with this notorious character, played to the hilt by the final whisper of sly villainy by Robert Newton.

internationally recognized actor, who is co-starred with Bobby Driscoll, playing Jim Hawkins, the cabin boy, and with Basil Sydney as Captain Smollett.

In spite of Long John Silver's dark duplicities and fierce misdeeds, by book and by movie, he is not condemned to final payment when the battles for buried treasure have been fought and the good ship Hispaniola heads home again with the fabulous hoard and its oyal adventurers.

Jackie Gets Big Hand From New Manager

BROOKLYN — The Brooklyn Dodgers' plans for the 1951 National League pennant race will likely include a high rating for Jackie Robinson according to reported statements from Charlie Dressen, the newly appointed manager of the team.

Dressen is reported as saying that he was counting on Robinson to be the most valuable player in the league in 1951. The new manager is said to be studying each player of the club, their strong points and weak points and therefore is not conveying the idea that he will have a one-man team.

He spoke of the Dodgers' captain, Peeewe Reese, Gil Hodges, Billy Cox, Gene Hermanski, Duke Snider, and Carl Furillo. He left no doubt that Don Newcombe will play a big part in the Dodgers' hurling department with strong support from "Preacher" Roe, Carl Eskine, Erv Palica, Rex Barney, Ralph Branca, Joe Hatten and Cris Van Cuyck.

**Kokomo Boxer to
Quit Ring After
3out, Mon., Dec. 18**

KOKOMO—Jimmy Cone, well-known middleweight boxer and coach of the Carver Center boxing team, will bid his farewell to the ring in a 10-round exhibition bout with Bill Elliott on Monday, Dec. 18.

During World War II Cone was a member of the famed Cherry Point, N.C., Marine Corp ring team. After that, he was for years a leading contender for the Indiana 160-pound championship. The Indiana Athletic Commission rated him as top contender as recently as two years ago.

As a special feature of the program at Carver Center, an award will be presented to Cone for his "distinguished service" to boxing in Kokomo.

He has been coaching Carver squads for two years and has also helped promote numerous Golden Gloves tournaments.

In addition to the bout between Cone and Elliott, who is director of the center, the card will include a four-rounder between

Claude Brown and Bill Fortson, and other exhibitions between members of the Carver team.
